Dear Br. Phelps

Since I saw you I have received letters from Lebanon, extending to me a united call to settle with them in the ministry. But there is a draw back. They offer $600 salary for the first year, & only $500 after that. On this account I have sent them a decided negative. I think they will get rain the salary, but perhaps not. At any rate I wish to be looking for a place elsewhere. My plan now is to go to Boston Monday morning, & spend a few days making inquiries of members of the Legislature & others concerning various places. Shall probably call at your room (Marlboro Chapel) about 11 O.C. Monday A.M. If you should not be in please leave word where I may find you.

Yours sincerely E. D. Moore
